**Government Finance Officers Association  
Receives 2022 Laserfiche Run Smarter® Award**  
*Laserfiche recognizes GFOA for Laserfiche Program of the Year*

(Chicago, Illinois–February 2, 2022) Government Finance Officers Association (GFOA) is pleased to announce that it has won a 2022 Laserfiche Run Smarter® Award. [Laserfiche](#)—the leading SaaS provider of intelligent content management and business process automation—launched the Run Smarter Awards in 2005 to recognize organizations that use Laserfiche to improve productivity, innovate processes, and achieve exceptional business results.

Through Laserfiche, GFOA has completely digitized its Certificate of Achievement for Excellence in Financial Reporting award program. Applicants now submit an online application with easy, secure payment and receive electronic award documents. Automation has eliminated previously manual processes, streamlining application processing and saving staff time to better focus on serving GFOA's members.

“More than 21,000 public finance practitioners and their organizations rely on GFOA to help them better serve their communities,” said Chris Morrill, Executive Director/CEO at GFOA. “Laserfiche has allowed GFOA to deliver member-requested services including electronic submission, improved payment processing, and on-demand, easy access to application status and award documents.”

“While organizations worldwide have accelerated digital transformation initiatives in recent years, our Run Smarter Award winners demonstrate how to use this momentum for sustainable change,” said Karl Chan, President at Laserfiche. “GFOA has successfully combined vision, leadership, and technology to implement long-lasting solutions and build digital resilience. Congratulations!”

The winners of the Laserfiche Run Smarter Awards will be celebrated virtually during the Laserfiche Empower Conference. Learn more about these award-winning solutions and register for Empower [here](#).
