I. Legislative Language

This document has been compiled pursuant to language set forth in the Fiscal Year (FY) 2021 Department of Homeland Security (DHS) Appropriations Act (P.L. 116-260) and the Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136).

P.L. 116-260 states:

The reporting requirements in paragraphs (1) and (2) under the heading "Federal Emergency Management Agency–Disaster Relief Fund" in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114–4) shall be applied in fiscal year 2021 with respect to budget year 2022 and current fiscal year 2021, respectively–

- (1) in paragraph (1) by substituting “fiscal year 2022” for “fiscal year 2016”; and
- (2) in paragraph (2) by inserting “business” after “fifth”.

P.L. 114-4 (referenced above) states:

Provided, That the Administrator of the Federal Emergency Management Agency shall submit to the Committees on Appropriations of the Senate and the House of Representatives the following reports, including a specific description of the methodology and the source data used in developing such reports.

- (2) an estimate or actual amounts, if available, of the following for the current fiscal year shall be submitted not later than the fifth [business] day of each month, and shall be published by the Administrator on the Agency's Web site not later than the fifth business day of each month:
 - (A) a summary of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations made;
 - (B) a table of disaster relief activity delineated by month, including-
 - (i) the beginning and ending balances;
 - (ii) the total obligations to include amounts obligated for fire assistance, emergencies, surge, and disaster support activities;
 - (iii) the obligations for catastrophic events delineated by event and by state; and
 - (iv) the amount of previously obligated funds that are recovered;
 - (C) a summary of allocations, obligations, and expenditures for catastrophic events delineated by event;
 - (D) in addition, for a disaster declaration related to Hurricane Sandy, the cost of the following categories of spending: public assistance, individual assistance, mitigation, administrative, operations, and any other relevant category (including emergency measures and disaster resources); and
 - (E) the date on which funds appropriated will be exhausted...

P.L. 116-136 states:

Provided further, That every 30 days the Administrator shall provide the Committees on Appropriations of the Senate and the House of Representatives both projected and actual costs for funds provided under this heading for major disasters and any other expenses...

This report covers activities as of January 31, 2021.

II. Background

P.L. 116-260 requires that the FEMA Administrator provide a report by the fifth business day of each month on the Disaster Relief Fund (DRF) that includes a funding summary, a table delineating DRF funding activities each month by state and event, a summary of the funding for the catastrophic events, and the fund exhaustion date, or end-of-fiscal-year balance.

P.L. 116-136 requires that both projected and actual costs for funds provided by it for major disasters and any other expenses be provided to the House and Senate Appropriations Committees.

Consequently, the following report elements are included:

1. Appendix A is an appropriations summary that includes a synopsis of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations.
2. Appendix B presents details on the DRF funding activities delineated by month.
3. Appendix C presents obligations and estimates by spending category for Hurricanes Sandy, Harvey, Irma, and Maria; Coronavirus Disease 2019 (COVID-19); and declarations since August 1, 2017.
4. Appendix D presents funding summaries for the current active catastrophic events including the allocations, obligations, and expenditures.
5. Appendix E presents the fund exhaustion date, or end-of-fiscal-year balance.
6. Appendix F presents a bridge table that provides explanation for the monthly and baseline change for all activities to include details for catastrophic events.

Notes:

(1) Pursuant to P.L. 116-260, FY2021 DHS Appropriations Act and Coronavirus Response and Relief Supplemental Appropriations Act 2021.

(2) Pursuant to P.L. 115-72, Additional Supplemental Appropriations for Disaster Relief Requirements Act, 2017.

(3) Pursuant to the Disaster Recovery Reform Act (DRRA) (P.L. 115-254).

(4) Anticipated transfers to USAID for Compact Aid Agreement.

(5) The Building Resilient Infrastructure and Communities (BRIC) total set-aside amount includes \$500 million of the COVID-19 declaration estimates. FEMA estimates up to \$3.7 billion for BRIC (6%) as a result of COVID-19 major disaster declarations. Future set-asides associated with this estimate may be forthcoming.

(6) As of January 31, 2021, unobligated commitments totaled \$152 million and uncommitted/unobligated allocations totaled \$288 million.

(7) The projected deficit is primarily a result of increased estimates resulting from cost share adjustments, vaccine distribution initiatives, and additional National Guard needs, as well as, continuing increases in other COVID-19 requirements. Other initiatives such as the safe re-opening and operation of eligible schools, transit systems, and other facilities are not included in these estimates and would substantially increase the projected deficit. FEMA will continue to monitor resource needs and update estimates as more information is obtained.

(1) The projected deficit is primarily a result of increased estimates resulting from cost share adjustments, vaccine distribution initiatives, and additional National Guard needs, as well as, continuing increases in other COVID-19 requirements. Other initiatives such as the safe re-opening and operation of eligible schools, transit systems, and other facilities are not included in these estimates and would substantially increase the projected deficit. FEMA will continue to monitor resource needs and update estimates as more information is obtained.
